

MONTEVERDE USA®
A WORLD OF LUXURY AND INNOVATION™

2020

INNOVA™ 20TH ANNIVERSARY

Limited Edition

In celebration of its 20th anniversary, Monteverde USA® reintroduced its first signature pen collection. A true classic, the Innova™ was the first (in a long line of) innovative pens to be designed under the Monteverde USA® name. The original Innova™ broke the mold back in 1999, featuring a slick carbon fiber body blended with special acrylic resin and chrome accents it established what is now one of Monteverde USA®'s signature elements used within many of their outstanding pen collections, carbon fiber. The design of the pen and its beautiful and practical "S" shaped clip resulted in this collection gaining immediate popularity and monumental success. The original Innova™ came in three colors, black carbon fiber, carbon green, and carbon burgundy and came packaged with a complimentary picture frame that was able to display the pen.

Now back, and even more stunning than ever, the special Limited Edition Innova™ once again features that same blend of high-tech black braided carbon fiber mixed with resilient black resin. Shiny rose gold adorns the clip, band, and trim, enhancing the elegance of each Innova™ pen. Beautifully engraved along the front of the mid-band is the Monteverde USA® logo with the backside featuring a "20th Anniversary" print. Displayed along the top band you'll find the Monteverde USA® mountain logo engraved and filled with soft yellow gold color. Every fountain pen is tastefully engraved with the Innova™ logo and limited edition number exclusive to each pen along the bottom of the barrel, while the ballpoint is adorned with its exclusive limited edition number along the backside of the band underneath the "20th Anniversary" print.

A black premium steel nib is individually hand-fitted to each fountain pen, intricately cut for maximum performance, for the ballpoint a Soft-Roll™ style refill. Stunning and sleek, each Innova™ has the perfect flair, whether it is for a formal occasion, business, or casual setting.

Monteverde USA® has created fine pens as individual as one's own fingerprint. Throughout the world, no other company offers so many hand-crafted European grade acrylic resin and carbon fiber pens.

Luxury is designed into each and every Monteverde USA® writing instrument, in the comfort of the grips, in the ease by which a clip enters one's pocket, in our state of the art refills that effortlessly glide across paper, in the way each pen's balance enhance writing comfort, and especially in the diversity and richness of our collections.

Monteverde USA® is the leading edge of innovation and design. The use of fashion-forward colors together with the hand-sculpted barrel designs, have gained awards, worldwide recognition and acclaim for Monteverde USA® Collections.

In a world where hand written communications have become the exception, Yafa Brands™ invites you to renew your love for writing by experiencing the magical charm of a Monteverde USA® writing instrument.

Originally introduced in the mid 2000's, Strata™ delighted the pen industry, with its slim design, reliability, and dynamic use of color. Each Strata™ is carefully machined to perfection before it is coated in high-quality metallic lacquer. Hand assembled with polished chrome accents and completed with a 3 tiered cap-top for a unique and stunning finish. The long, sweeping clip is easy to use and adorned with the famous Monteverde USA® mountains logo along the top, while the end of the cap-top displays the same logo encapsulated in black resin for contrast. The fountain pen has a screw-cap mechanism protecting the nib. The twist-action of the ballpoint unveils the refill tip. Hand polished, the Strata™ collection is available in a selection of rich metallic sheens; Turquoise, Blue, Red, or glossy Black. Slim and sleek, this collection is ideal for travel or as a daily writer, fitting beautifully in agendas and organizers. The fountain pen's stainless steel nib is available in Extra Fine, Fine, Medium, Broad, and Stub sizes, and uses a threaded ink converter or ink cartridge (included). Fountain pen fills with standard international ink cartridges and ballpoint accepts P1 and P4 refills. Each Strata™ pen is housed in a newly designed slim gift box.

Magnetic Cap

The Ritma™ collection is inspired by the minimalist movement of the 1960's and 70's, where clean lines, straightforward designs and beautiful colors within work were the most prominent. Machined to perfection using a mixture of steel and aluminum, the Ritma™ boasts a streamlined design from magnetic cap top to back post, perfect for those who prefer a well balanced and heavyweight pen. Each aluminum barrel is anodized in a choice of metallic colors and treated with a matte finish, resulting in a muted pop of vibrant colors that are soft to the touch and beautifully accentuated with polished gunmetal accents. The clip is designed to match the straight lines of the body style with an extra flair, the center cut in an elongated oval shape for ease of use. An exciting feature of this minimalist pen is the magnetic cap and posting, so secure and perfectly designed to the pen it creates a seal. No need to twist off, gently pull and enjoy the striking pop-action sound of the seal opening, then post to the back to experience the secure magnetic seal there as well. To reveal the ballpoint tip, twist at the gunmetal grip area and twist counterclockwise. Ritma™ is available in a selection of hues; choose from Black, Blue, Silver, or Red. The fountain pen is available in a selection of black stainless steel point nibs: Extra Fine, Fine, Medium, Broad, or Stub and uses a threaded ink converter or ink cartridge (included). Ballpoint accepts P1 and P4 refills. Each Ritma™ pen is housed in a newly designed slim gift box.

Form, fashion, and function are the key to a great writing experience. The designers at Monteverde USA® took this principle, put it to practice, and are happy to present the Essenza™ collection, a contemporary recreation of an old Monteverde USA® classic. Hand-crafted from strong acrylic resins and featuring an alluring multi-faceted body and cap, each writing instrument is unique. Displaying a variety of striking marble-like shades, a solid sterling silver clip band and grip are added to enhance the elegance of each writing instrument, with the Monteverde USA® logo beautifully printed along the band. Each fountain pen cap is threaded, for a secure closure whether in your pocket or briefcase. The ballpoint is a smooth twist-action, great for writing at a moment's notice. Essenza's look and feel combines to bring the very best essence of writing to life. The Essenza™ is available in 3 stunning resins, Storm Clouds, Sunny Skies, and Early Dawn. Each fountain pen features our classic iridium point nib and is available in Extra Fine, Fine, Medium, Broad, and 1.1 mm Stub nib. Fountain pen fills via standard cartridge or converter(Included). Ballpoint accepts P1 and P4 refills.

Lagoons blend contrasting colors and wildlife with a union that indulges all of the senses. The beauty of these natural wonders has inspired artistry around the globe, as the sun casts intricate patterns onto each wave. The Laguna™ collection was designed with these natural tones in mind, offering tranquil hues and a unique clip. The collection is offered in Blue, Red, and Clear, with fountain pen and Ink•Ball™ options. Our innovative Ink•Ball™ technology allows users the experience of a pen that fills and writes as fluidly as a fountain pen, but with the convenience of the point offered in a rollerball. The Laguna's™ unique bamboo-shaped rolling clip allows for easy access while still securing your pen to any pocket. Every pen is crafted from handmade resin and its sleek design offers a unique, ergonomic experience. Ink•Ball™ is offered in 0.5mm and 0.7mm point sizes, while fountain is offered in five nib sizes. All options fill with standard international ink cartridges or converter (included), and are housed in a luxury gift box.

FIRST STEP™

Monteverde USA®'s Limited Edition First Step™ pen embraces the challenges that come with taking leaps toward our goals, and is designed as a reminder to keep moving forward. Crafted with durable, handmade translucent resin, each Monteverde USA® First Step™ pen is intricately and individually reverse-painted from the inside using a fine paintbrush, creating minute and stunning detail unique to each pen and beautifully displays an artist's rendition of mankind's very first steps onto the moon, bringing to culmination a truly remarkable event in history.

Tastefully paired with chrome metal accents, each pen is fitted with a sculptured, sweeping clip, perfect for easy pocket use, and is fitted with a premium stainless steel Monteverde USA® iridium tipped nib. The Ink•Ball™ utilizes one-of-a-kind technology to draw ink in the fashion of a fountain pen, but with the convenience of a rollerball. It can be filled from an ink bottle by drawing ink up through the point using the threaded converter located inside the pen as well as an ink cartridge. Along the backside of the cap is the Monteverde USA® logo and 'Limited Edition First Step', while the limited edition serial number unique to each pen can be found along the trim ring at the bottom of the pen barrel.

Giant Sequoia™

Giant Sequoias are the world's grandest living trees by volume. The Monteverde USA® Giant Sequoia™ may not be the world's largest pen, but it will be appreciated by those who prefer a substantial writing instrument. The solid resin barrel's striped pattern in earthy tones reminds us of the massive trunks that greet visitors of Sequoia National Park. Ergonomically designed, the Giant Sequoia™ feels poised and balanced in hand and begs to be used daily. The fountain pen fills via standard cartridge or converter (included). The matching twist action ballpoint tapers elegantly to fit perfectly in the hand and accepts Monteverde USA® P1 and P4 refills. The minimalist designed polished chrome band and spring clip are durable and scratch resistant, letting the beauty of resin shine through.

The Impressa™ is a Monteverde USA® classic that took the world by storm with its unique design, affordability, and strong materials. The modern design starts at the top of the cap with a perfect square which then effortlessly transitions into the round barrel. The sleek clip gracefully arcs downward from the cap-top, designed with a spring action that makes for smooth placement and removal from the pocket. The Impressa™ collection is available black with two choices for accented trim: rose gold or sleek gunmetal, as well as Blue with all matching blue accents, or Gunmetal with flaming red accents for a striking look.

Invincia Deluxe™

When art and technology blend in perfect symbiosis, the result is a pen of dazzling beauty and that is made from state of the art materials. The Invincia Deluxe™ is a remarkable achievement of unmatched sophistication with the creation of carbon fiber from top to bottom that is then accented with your choice of three distinct finishes. Pair the dark rich texture of carbon fiber with the mirrored chrome trim, jet Black, or opulent Rose Gold trim. The fountain pen fills with Monteverde USA® standard international G3 ink cartridges or piston ink converter (included). The flexible stainless steel nib is available in extra fine, fine, medium, broad and stub sizes. The twist action ballpoint is perfectly balanced and fills with standard Parker® style refills.

Never be caught rifling through drawers and pockets for a pen again! The Luna Desk™ pen stands tall and proud, ready to write at a moments notice. Made from solid brass, the heavy weight base will stay put and keep your pen handy at all times. The Luna™ is available in two smooth writing modes: A fluid rollerball or fountain pen available in 5-point sizes! The fountain pen fills via standard cartridge/converter and the rollerball fills with standard G2 refills and presented in a luxurious gift box.

As the world's first retractable Ink•Ball™ pen, the Engage™ functions just like a fountain pen. Simply use the tip of the Ink•Ball™ to draw ink up and through the pen tip straight from the bottle, using the ink converter found within. Designed to stay uncapped for extended periods of time without the ink drying out, you'll find this remarkable pen is perfect for daily use.

With a unique blend of durability and style, the Engage™ is the perfect everyday pen for any user who longs for the reliability of a ball pen without sacrificing the full spectrum of colors that bottled inks offer. Crafted from hand-made high-quality materials and paired with a medium tip as smooth as a fountain pen, the Monteverde USA® Engage™ is sure to please.

Mountains of The World™

20

The Mountains of the World™ collection celebrates the world's most alluring and inspirational natural wonders. These stunning landforms provide serene backdrops and serve as a constant reminder of nature's abundance. The origins of this collection date back to 2005, and have been a beloved staple in Monteverde USA®'s selection of fine writing instruments ever since. We aim to capture the dynamic essence of each mountain range, displaying their unique tones and energy with every design.

The Mega™ collection is back with an array of colorful resins and polished trims. Ink•Ball™ technology shares many characteristics with that of the standard fountain pen, blending the smooth flow of a fountain pen with the precise control of a rollerball. Crafted from colorful high-grade acrylic resins for style and durability, the Mega™ is offered in three different color options. Choose between vibrant turquoise or orange, both beautifully matched with chrome accents along the clip and nib sections or black, exclusively paired with gunmetal accents. Substantially sized but not heavy in the hand, the Mega™ is a comfortable daily writer and perfect for those who enjoy a slightly larger pen. The fountain pen is offered in five nib options while the Ink•Ball™ pens are medium tip size only. The Mega™ collections sheer versatility marks it as the perfect choice for the serious writer.

Regatta Sport™

⚡⚡ Magnetic Cap

The Monteverde USA® Regatta Sport™ features an array of trims nestled between black carbon fiber bands and segments of brushed silver, blue, matte black, or carbon fiber. This collection celebrates the strength and sporty style of sailors. Innovation comes with the new magnetic closure for both capping and posting the fountain and rollerball pens. The weight and balance of this collection creates supreme writing performance. Fountain pen fills with Monteverde USA® standard international G3 ink cartridges or piston ink converter (included). The flexible stainless steel nib is available in Extra Fine, Fine, Medium, Broad and Stub sizes. Ballpoint accepts P1 and P4 refills and the capped rollerball accepts G2 and W2 refills.

Regatta Explorers™ Limited Edition

Magnetic Cap

25

A first of its kind and representing one of Monteverde USA®'s most iconic collections, the Limited Edition Regatta Explorers™ is a new line that commemorates the age of discovery and exploration. To the ships that sailed where none had gone before, and to their maritime explorers who had the spirit of adventure and dared to dive into the unknown. Discover our latest 'fleet' of pens, with a distinct natural walnut wood finish paired with the classic Regatta™ carbon fiber bands. Regatta Explorers™ is a limited edition run of 1999 pieces and is available in fountain, rollerball, or ballpoint pen.

Rodeo Drive™

26

When simplicity and elegance join together, the result is an alluring pen made from state-of-the-art materials. Whether you're writing at a cafe in Beverly Hills or signing a check on Wall Street, you'll catch the eyes of others with this stunning design. Crafted from brass, each pen is enhanced with handmade metallic lacquer, and accentuated with stunning metallic bands, creating a captivating writing instrument. Ergonomically balanced, a joy to own, and ideal for your pocket, briefcase, purse, or desk, your collection won't be complete without a Rodeo Drive™ pen. Available in five stunning finishes: Blue, Iridescent White, Iridescent Purple, Orange, or Polaris. The fountain pen's flexible stainless steel nib is available in Extra Fine, Fine, Medium, Broad, and Stub sizes, and uses a threaded ink converter or ink cartridge (included). Fountain pen fills with standard international ink cartridges and ballpoint accepts P1 and P4 refills.

"Perfection always comes in threes."

Express your creativity with a different nib for every occasion. The Monteverde USA® Monza 3™ offers three removable front sections to accompany a trio of stainless steel nibs in Fine, Omniflex™, and Medium. Utilize the Fine nib when crafting personal greeting cards. The Omniflex™ nib adapts to every curve, which is perfect for unique line variation. Choose the Medium nib when writing down your daily thoughts and quick meeting notes. Each set comes with three piston ink converters, two ink cartridges, and is presented in a beautiful gift box.

This multifunctional writing instrument is as innovative as it is sleek, offering several functions. The heavy weight, six sided barrel houses a touch screen stylus, Philips and flathead screwdrivers, a built-in level, a ruler, and two different scale functions, all in one ballpoint pen. The latest edition to the collection comes with the introduction of the Tool Pen Edge™. Available in black, blue, and red, the striped look offers a bold design choice on a pen that is a universal necessity. Available in ballpoint only, this pen requires standard D1 refills.

"Multifunction just got more diverse"

Similar to its large predecessor, the Tool Pen Keychain utilizes a similar design, a heavy duty six sided barrel that houses a smooth writing ballpoint refill, hidden touch screen stylus, as well as a mini Philips and flathead screwdriver. Along the barrel you can find two mini scale functions, measuring just over 1.5 inches (or 4 cm) maximum. Perfect for on the go and ready for any job, attach to your key ring, work bag, or clipboard.

Tool Pen™

The heavy weight, 6-sided barrel houses a smooth writing Soft-Roll ballpoint at one end and an ultra sensitive touch screen stylus at the other. Under the stylus top are phillips and flat head screwdrivers, while on the barrel are a built-in level, ruler and 3 different scale functions. The chiseled spring clip will hold the Tool Pen securely in your pocket, ready to handle more jobs than any other pen!

For those who like the freedom to use their favorite ink cartridge but like the convenience of a roller pen, the Tool Pen is now available in ink•ball as well. Ballpoint pens fill with Monteverde USA® D1 refills (choose Medium or Super Broad) Fountain pen and ink•ball fill with Monteverde USA® standard international G3 ink cartridges (included).

The Quadro™ 4 in 1 multi-function pen allows you to effortlessly access three different colored ballpoint refills and a precision 0.5 mm mechanical pencil, all in one durable and stylish instrument. Available in four distinctive finishes, each Quadro™ features a knurled comfort grip and spring clip designed to hold tight but slide easily into the pocket. Each pen comes loaded with a black, blue, and red ballpoint refill as well as 0.5 mm lead and eraser. This eye catching pen has everything you need for on-the-go writing, drawing, and more!

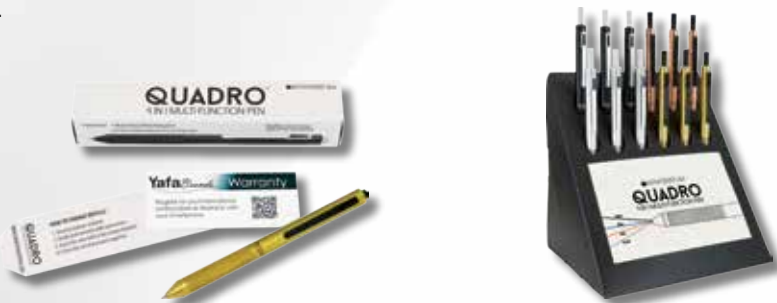

How does it work? Stored within the solid brass barrel is a gravity assisted mechanism that makes selecting a writing mode intuitive and convenient. Simply hold the pen at a 45 degree angle and rotate until the desired color is face up then press the thumb advance button. To retract, depress the thumb switch conveniently located on the clip. To access the eraser, remove the thumb advance button.

"Convenience and practicality all in one small package"

A multifunctional design is key when choosing a staple piece for your daily errands. The Poquito Stylus™ easily conforms to fit your needs at a moment's notice. Transition from note taking with the ballpoint, to typing on your phone with the stylus. The soft rubber is as responsive as your finger, but offers improved accuracy and prevents fingerprints. Utilize it on-the-go for a variety of screens from ATMs to airport kiosks and e-readers. Choose from a stunning array of colors to suit any taste. This ballpoint pen accepts D1 refills.

The Monteverde USA® Core Collection, rich in color, vibrancy, and brilliant hues, is the central part and key to our ink story. Our fundamental collection of stunning fountain pen inks is available in a wide spectrum of nature-inspired colors, ranging from vibrant Caribbean Blue to bold Mandarin Orange. Each ink is carefully crafted for use in your favorite fountain pens using ITF™ technology; aiding in maintenance by improving ink flow and extending cap-off time, all the while lubricating your fountain pen feeding system.

Capri Blue	Valentine Red	Yosemite Green	Documental Ink Blue
Horizon Blue	Mandarin Orange	California Teal	

Gemstone™ INK COLLECTION

Traditionally used as a form of jewelry or other adornments gems have captured the eye of men and women alike, expressing through their beauty what our words cannot. With this in mind, Monteverde USA® has created the Gemstone Ink collection: a line of brilliant fountain pen inks that are rich in color and vibrancy. Each ink will add a layer of expression and value to your handwriting. Whether its adoration, excitement, longing, or honesty, show those closest to you that you care with one of our 14 unique colors. Each ink is made with Monteverde USA's European ink treatment formula (ITF), which drastically improves ink-flow quality, extends cap-off time, and lubricates and protects the ink feeding systems from corrosion or clogging.

Sapphire	Moonstone
Charoite	Olivine
Amethyst	Erimite
Garnet	Onyx
Ruby	Citrine
Fireopal	Malachite
Topaz	Tanzanite

NOIR INK COLLECTION™

The Noir Ink Collection™ is inspired by the renowned blue/black ink combination. This collection expands on the idea of vibrant ink colors blended with black ink, creating a mixture of mysterious, bold and expressive fountain pen inks. Rich with moody neutrals and edgy hues, each Noir color combination suggest a certain weight, dignity, and formality to your words. Express your brightest and deepest thoughts with this new line of powerful fountain pen inks.

Azure Noir	Mulberry Noir
Coal Noir	Ocean Noir
Copper Noir	Raven Noir
Jade Noir	Rose Noir
Mercury Noir	Smoke Noir

EMOTIONS INK COLLECTION™

The Emotions Collection allows you to express how you are feeling in a manner very few non-verbal communications can do. Whether your day's correspondence calls for passion or confidence, wisdom or motivation; you can find the perfect color for the occasion. A powerful and inspiring color, burgundy excites the emotions, excites us to take action and is the embodiment of admiration, determination and passion. Bold and full of positive energy, burgundy also signifies the pioneering spirit and is associated with strong emotional qualities.

Peace Blue	Gratitude Magenta
Joy Sepia	Passion Burgundy
Kindness Pink	Wisdom Purple
Love Red	Motivation Orange
Hope Green	Confidence Blue

Sweet Life

Oh the Sweet Life™... a new 10 piece ink set from Monteverde USA®. Featuring a selection of our favorite sweets, candies and confections re-imagined in a new context; as a collection of fountain pen inks that are just as colorful and fun to write with as these sweets are to eat! With 10 new vibrant colors to choose from, you'll no doubt want to try a bit of each, just like you would want to at the pastry shop. Specially made using Monteverde USA's European Ink Treatment Formula (ITF)™, which drastically improves ink-flow quality, extends cap-off time, and lubricates and protects the ink feeding systems from corrosion or clogging. For a writing experience that sparks creativity, wonder, and fun. Get a taste of the Sweet Life™ today, give as a gift to yourself or to someone special in your sweet life.
